

Information Service List

Introduction

The Air-Britain Information Service is a key part of Air-Britain's service to its members. The service, coupled with the AB-IX internet discussion group, allows members to seek answers to their aviation questions from other like-minded aviation people.

A two way flow of information is actively encouraged. Specialists will try to provide answers to questions and to provide guidance on the researching of aviation history. Members are actively encouraged to feed new information both to the Specialists and to the Editors of Air-Britain's magazines so that all may ultimately benefit.

Obtaining Updated Copies of the Information Service List

There will no longer be a printed copy of the list automatically mailed to each member annually. Instead members are invited to obtain an updated list from the following sources.

From the web:

A downloadable updated list can be found at:
<http://air-britain.com/web/members-2/>

From an email attachment:

Send your request by email to information.services@air-britain.com with your name and membership number. Please put "IS List Request" in the subject line. The list will be returned to you by email as an attachment.

By post:

Please write to your co-ordinator

Contacting a Specialist

With most Specialists now shown as being on email, email is indeed the preferred method of contact being both quick and cheap. If writing to a Specialist by post in the same country, then please remember to enclose sufficient return postage in the form of stamps.

If writing to a Specialist in another country, then please write to the co-ordinator with your full query. If you are in the UK, then please enclose sufficient return postage.

The co-ordinator will then forward the query to the Specialist, letting you have the reply once he has received it.

In all cases, please quote your membership number as the service offered through the Specialists is for Air-Britain members only.

A Note to the Specialists and to Future Specialists

We do invite all Specialists to provide Air-Britain with their email details in order to ensure the most efficient service; we also invite all Specialists and members to become active participants in AB-IX. All members appointed as new Specialists will have to have an email contact address. **Additions highlighted with a yellow background.**

If you have an in depth interest and knowledge of a particular subject, then why not join the team of Specialists; if you are interested please contact the co-ordinator at the above address

Air-Britain thanks all Specialists for their time and efforts.
