## The Colin Sharples collection of records. Book 2 part 4

### ANNUAL LIST OF AIRCRAFT FLYING FROM THE AIRFIELD 1954 TO 1960

---

#### Introduction to this collection of records.

### Squires Gate aircraft visitors logs. 1954 to August 1964

I have borrowed 7 log books (18-10-2019) from Colin Sharples who was an aircraft enthusiast at Squires Gate as a youth. Then Colin left the Fylde to join the RAF as a pilot. I was put in contact with him by a friend of his who is not only in Air Britain but looks at the forum where I had replied to a query about Squires Gate.

Colin visited Squires Gate frequently and compiled a visitors list for the years 1960 to 1964, he had access to the control tower movements logs. He did part time work as baggage handler for Silver City Airways and knew the aircraft marshallers. He was given the Watchroom log when it was no longer of use. He can not remember where the book 1954 to 1960 came from.

Fortunately he has kept these notebooks and he has made them available for those interested in the airport.

*I will photograph these. And make them available to all via the Blackpool Aviation society and Air Britain.*

**1.....MTCA Watchroom Squires Gate** .....original document gives some but not all of the visitors.

It was filled in by the aircraft marshallers after being contacted by the tower. Pilots could pay landing fees in the Watchroom. 1953 to 1957 .....1953 no registrations given no note of the airfield they came from. 1954 registrations added. 1956 airfield of origin added.

*I would be interested to know more about the airport at this time..which aircraft did the tower pass on and which were not passed on?*

#### **2.....1954 to 1960**

Handwritten record of movements (*by an enthusiast???*) 1954 to 1960 list of all aircraft that visited that year. Aircraft type followed by all the registrations. Does not include Hawker aircraft.

Also daily visitors list for 1958 to 1960 compiled by the writer:- reg; type; where from; arrival and dep time. From sept 1958 the airfield they departed to was added. From the detail and format I assume he had access to the complete movements logs.

**3 to 7.....Five books one for each year 1960 to 1964** . Daily visitors compiled by Colin from the Movements logs. Followed by a list of all aircraft for the year, which includes based aircraft that flew during the year.

*John Wiseman*

*(Editor Backtrack 28 the magazine of the Blackpool Aviation Society - the Blackpool Branch of Air Britain)*

\* NOTE - No reference is made to Hawker Hunters or later, Sea Furies.  
They are completely omitted and are not included in any  
totals or lists

\*\* The lists include aircraft based at Springs Gate only if they  
actually flew that year.
