

BLACKPOOL SQUIRES GATE

The Colin Sharples collection of records. Book 2 part 1

VISITING AIRCRAFT 1958 TO 1960

As a large number of pages is less easy to use if it is an old fashioned scroll (or modern pdf) than it is in a paper book I have decided to make each years visitors a separate pdf file and the years summary an appendix thus splitting Book 2 into four parts.editor

Introduction to this collection of records.

Squires Gate aircraft visitors logs. 1954 to 1964

I have borrowed 7 log books (18-10-2019) from Colin Sharples who was an aircraft enthusiast at Squires Gate as a youth. Then Colin left the Fylde to join the RAF as a pilot. I was put in contact with him by a friend of his who is not only in Air Britain but looks at the forum where I had replied to a query about Squires Gate.

Colin visited Squires Gate frequently and compiled a visitors list for the years 1960 to 1964, he had access to the control tower movements logs. He did part time work as baggage handler for Silver City Airways and knew the aircraft marshalls. He was given the Watchroom log when it was no longer of use. He can not remember where the book 1964 to 1960 came from.

Fortunately he has kept these notebooks and he has made them available for those interested in the airport.

I will photograph these. And make them available to all via the Blackpool Aviation society and Air Britain.

1.....MTCA Watchroom Squires Gateoriginal document gives some but not all of the visitors.

It was filled in by the aircraft marshalls after being contacted by the tower. Pilots could pay landing fees in the Watchroom. 1953 to 19571953 no registrations given no note of the airfield they came from. 1954 registrations added. 1956 airfield of origin added.

I would be interested to know more about the airport at this time..which aircraft did the tower pass on and which were not passed on?

2.....1954 to 1960

Handwritten record of movements *(by an enthusiast???)* A daily visitors list for 1958 to 1960 compiled by the writer:- reg; type; where from; arrival and dep time. From sept 1958 the airfield they departed to was added. From the detail and format I assume he had access to the complete movements logs.

Also a list of all aircraft that visited the years 1954 to 1960. Aircraft type followed by all the registrations. This does not include Hawker aircraft.

3 to 7.....Five books one for each year 1960 to 1964 . Daily visitors compiled by Colin from the Movements logs. Followed by a list of all aircraft for the year, which includes based aircraft that flew during the year.
