### Credits

Whilst this list is the result of my notes over the years, it has been cross checked against the Scramble database, the Eurodemobbed and UK serials websites,

Ian Carroll's European Air Forces Directory 2012/2013 and Otger van der Kooij and Andy Marden's European Military Out Of Service 2014 publications.

Unfortunately, finances do permit the purchase of later editions, so I may be missing some information.
