PRODUCTION OVERVIEW

70 were built between January 1969 and June 1972 at Bethany (Wiley Post) Airport, Oklahoma City, OK
c/n 6017 and 6031 are excluded from this total.

Numbers certified

1969	33
1970	8
1971	18
1972	11

43 were built as 681 Hawk Commanders and 27 as the 681B Propjet.

Some were converted to "Century Turbos" with TPE331-1-151K engines including c/n 6038.

Sheet1

Credits

My thanks go to Ton Van Soest for access to his AB files, supported by the research done by Barry Collman.

The above information on manufacturer's name changes and production years are taken from www.flightlevelsonline.com

Amendments and additions

I especially need confirmation of the 27 aircraft built as 681B Propjets as I can only find 18 in the above list.

The above information has been gleaned from various websites as well as the US on-line database.

As usual, these should be sent to me at les_hitchings@hotmail.com
